

EUROPlus service

Basic Characteristics of the EUROPlus service:

With the provision of EUROPlus service, Europa Line Group S.A. aims to respond to the needs of enterprises/associations that have a concrete demand of investment or new activity and wish to examine the possibility of to receive subsidy for it. They also want to know the time of submission of this demand, the conditions, profits and procedures.

Europa Line Group S.A., within 30 days, prepares a complete **Report of the funding possibilities**. The report includes in annexes the relevant information, applications etc.
